## Summary:

As a skilled React.js developer, I have around 2 years of experience developing user-facing features, reusable components, and front-end libraries using Next.js and Shadcn/ui. I am proficient in React workflows such as Redux, familiar with RESTful APIs, and have hands-on experience with tools like Babel, Webpack, and NPM.

## Technical Skills:

- **Languages:** HTML, CSS, JavaScript (ES6+)
- **Frameworks/Libraries:** React.js, Next.js, Shadcn/ui
- **Styling:** Tailwind CSS, Bootstrap, CSS
- **Version Control:** Git
- **Design Tools:** Figma
- **IDE:** VSCode
- **Others:** REST APIs (Swagger)

## Professional Experience:

### **Front-End Developer - OSON (Outright Solution Nepal Pvt Ltd) | 2023– Present**

- Developed and maintained the front-end of several web applications using **Next.js, Shadcn/ui** and improving user interface and performance.
- Utilized Tailwind CSS for efficient and responsive UI design across multiple projects, leading to a **20%** faster development time.
- Utilized **CKEditor** to enable users to create and edit rich text content, providing a familiar and intuitive interface for content creation.
- Developed a **Chat-Like** user interface for survey participation website enhancing user experience, website usability, satisfaction and to collect user feedback.

### **Freelance Front-End Developer | Self-employed – Remote | August, 2024– Present**

- Integrated various **RESTful APIs** for product listings, user authentication, and payment processing, ensuring seamless backend communication.
- Optimized the website's performance by implementing lazy loading, code splitting, and image optimization techniques, reducing page load time by **25%**.
- Collaborated with clients to gather requirements and deliver customized solutions, resulting in a **100%** client satisfaction rate.

## Projects:

### **Vugol.me – Data and Insights Platform**

[Live Link](#) | OSON Pvt Ltd

**Tech Stack:** Next.js, Redux, Shadcn/ui, Tailwind CSS, CKEditor, React-Animation, Laravel, PHP, Swagger

- Developed features that allows users to create and participate in surveys, collaborate with other users, share results, create subjects, explore news and many more.
- Integrated RESTful APIs (swagger) to handle dynamic content and real-time interactions, enabling efficient data sharing and user engagement.

## Hisi-Cosmetic E-Commerce Website

[Live Demo](#) / *Freelance Project*

**Tech Stack:** Next.js, Redux, Shadcn/ui, Tailwind CSS, React-Animation, Node.js, MongoDB, Rest APIs

- Established product management, user authentication, and payment gateways, ensuring smooth customer experiences.
- Delivered features like product filtering, cart functionality, and user-friendly checkout processes, contributing to a seamless shopping experience.

## Portfolio Website

[Live Demo](#) / *Personal Project*

**Tech Stack:** Next.js, TypeScript, Tailwind CSS, Framer-motion,

- **Interactive Animations:** Powered by Framer Motion for a smooth and engaging user experience.
- **Responsive Design:** Tailwind CSS ensures the website is fully responsive across all devices.
- **Optimized for Performance:** Next.js enables fast loading times with server-side rendering and static generation.
- **TypeScript:** Ensures type safety throughout the project.

## Education:

**Grade XII** | *Hetauda Campus* | Hetauda, Nepal | 2016 – 2018

### Relevant Courses/Certifications:

- Front-End Web Development with React – [The Odin Project](#)
- JavaScript ES6+ Data Structure and Algorithms – [FreeCodeCamp.org](#)

## Personal Attributes:

- Eager to learn and adapt to new technologies
- Strong problem-solving skills with a keen attention to detail
- Enthusiastic team player with a collaborative mindset
- Committed to writing clean and maintainable code
